The Bachelor of Business Studies (BBS) is an exciting new study program that provides a firm foundation in the field of Business Administration. With exciting options in management, marketing, economics, human resource management and finance, this program serves as an essential toolkit for the world of business. It is designed for those students who have 14 years of education but want to achieve a higher academic degree to advance professionally. The BBS graduates can further continue studies to earn an MBA, MS or M. Phil degree in business studies from any institution. This degree program is structured to give the students an introduction to all aspects of business management by developing their entrepreneurial, problem solving, decision making and imaginative skills. The BBS graduates will have an international reputation for making an immediate and significant contribution whatever path they choose. Due to highly flexible nature of this program, there is a wide range of employment opportunities available to the students which will enable them to thrive and shine in the ever changing corporate world.
